## Health Insurance Funds Webinar

Dealing with GLP-1s and Out-of-Network Challenges

Thank you for participating in our recent webinar devoted to GLP-1 Drug Cost Challenges and issues with rising Out-of-Network Utilization.

In case you missed it, want to review the information, or would like to share with a colleague, you can access the recording by clicking the button below.

The issues we discussed are material policy matters that need continued attention and decisive leadership.

We will be working with each Fund in the advancement of policies to address both issues comprehensively.

Please don't hesitate to contact your PERMA account representative if you have any questions about the webinar or policies involved.
